GREAT FEMALE MEDICINE. Dr. Townsend's Sarsaparilla is sovereign and speedy ure for incipient consumption, barrenness, leucorrhoa, or whites, obstructed or difficult menstruation, inconience of urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of the inherent causes, or produced by irregularity, illness or accident Nothing can be more surprising than its invigorating effects upon the human frame. Persons all weakness and lassitude before taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness. It will not be expected of us, in cases of so delicate a

ature, to exhibit certificates of cures performed, but been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with healthy Dr. Townsend: My wife being greatly distressed by the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and Carpenter's Compound Fluid Extract Sarsaparilalso hearing it recommended for such cases as I have described, I obtained a bottle of Extract of Sarsaparilla, and followed the directions you gave me.
